### Spirit Rock

This is your chance to get creative and show your school spirit! For one month you can celebrate your child's birthday, special event, or just your Jaguar Pride. Design will need to be submitted for approved in advance to the Director of Marketing & Communications. You are responsible for supplying your own paint supplies; however, we can guide you to the appropriate materials.

Salisbury Academy's Outdoor Learning Space will be a landscape that connects children with nature, encourages them to take risks, and inspires students to investigate, explore, analyze, and create. This space will be utilized by both Salisbury Academy and the community at large, whether through nature-based workshops, family days, or even as a field trip site for other schools.

Interested donors are encouraged to contact Tracey Baird at 704-636-3002

Make your contribution today!
