

Middle School Teacher

Salisbury Academy is seeking a dynamic, passionate, and student-centered middle school teacher who will inspire and instill a love of learning in Middle School students. The candidate should be able to teach in a multi-disciplinary setting and possess strong science content knowledge. We seek an educator who is skillful in designing hands-on experiences and utilizes a student-centered model to implement projects, oversee learning, and recognize moments to engage students in growing as learners, thinkers, and collaborators. Candidates should be skillful in the use of diverse teaching strategies and modes of assessment, design exploratory classes, manage groups, interpret data, assess, organize, plan, and clearly communicate. A degree in the field and 3-5 years of teaching experience is preferred.

Key Responsibilities

- Teach daily science classes in middle school with the ability to team and co-teach in other disciplines
- Lead a middle school advisory group for students
- Work collaboratively with colleagues in support of integrated learning activities
- Develop and facilitate activities beyond the classroom to celebrate and encourage a love of STEM
- Participate in and actively pursue professional development as an aspect of lifelong learning
- Facilitate after school study support for students at least one day a week
- Perform routine school duties including: gym duty, carpool, lunch and recess.

Qualified candidates should send materials to Beverly Fowler, Head of School, bfowler@salisburyacademy.org

- Cover letter
- Resume
- Statement of educational philosophy

About Salisbury Academy

Salisbury Academy is an independent, co-educational school serving students in junior kindergarten through eighth grade in Salisbury, NC. Our experiential learning environment attracts students from diverse backgrounds and nurtures curiosity, community, and character while teaching children to love the learning process.

As an independent school, we have the freedom to promote creative thinking in hands-on ways that introduce students to exciting and challenging subjects including art, music, foreign languages, global and environmental education, and technology. Our students are immersed in experience, and participate in over 100 field trips over the course of the school year.

Salisbury Academy students are developed as whole beings – intellectually, physically, and spiritually. In addition to an enriching core curriculum in areas such as math, science, history, and English, Salisbury Academy students are provided the tools to make a positive impact on the world around them as stewards of the community and of the environment.

Our school's commitment to the earth is demonstrated daily through the Salisbury Academy movement Project Green Space, which aims to enhance the school's outdoor learning environment while developing conservation-minded students and an energy-efficient and low-waste school facility.

Teachers at Salisbury Academy are afforded the opportunity to form close relationships with each and every child and their parents, thanks to our community environment.

Salisbury Academy offers classes in Spanish and is home to the Salisbury Academy Music Conservatory where students may take private lessons in voice, piano, and saxophone. Between the eighteen sports offered and the ever-changing, dynamic selection of clubs and electives, every student enjoys opportunities to develop their unique gifts and interests.
