## SA STUDENTS EXPLORE RHETORIC & DEBATE

Sophomores at SA Downtown study the art of persuasive writing and public speaking in Mr. Ossorio's English class on rhetoric.

In February, the whole student body had the opportunity to see superb rhetoric in action as they witnessed a Great Debate between Hampton and Howard Universities.

Tenth graders will give TED talks at the March 21 exhibition, persuading others to join their movements.

## THESE JR. CIVITANS ARE ALL IN!

Ebbie Lescoe and Baxter Heilig attended the Jr. Civitan International All-In Summit Feb. 23 - 26 in Birmingham, Alabama.

Together, Ebbie and Baxter raised over \$2,000 for the Civitan International Research Center (CIRC) where the study of neuroscience and learning disabilities is leading to breakthrough therapies for children.

At the summit, Baxter and Ebbie networked with Jr. Civitans from across the country. They also visited the CIRC where they learned from researchers and held a human brain!
